The Connective Layer

One capture. 27 schemes. Evidence that travels.

Feature Deep Dive

27

Multi-Scheme Evidence

One photo. One walk. Evidence that satisfies 27 different schemes simultaneously.

- SFI, CS, Woodland, Landscape Recovery
- Red Tractor, LEAF, GlobalG.A.P.
- WildFarmed, Tesco, M&S programmes
- Woodland Code, Peatland Code, BNG

Advisor-First Design

Built for professionals managing multiple farms, not individual farmers doing DIY compliance.

- Multi-farm dashboard
- Client portfolio management
- Bulk evidence workflows
- White-label reports

20+ Integrations

Data flows in from existing systems. Proof flows out to whoever needs it.

- Land App, RPA, GIS exports
- Chirrup, Soilmentor, Cool Farm Tool
- Gatekeeper, FarmPlan, Muddy Boots
- Xero, Sage accounting

Proof of Outcome

Connect biodiversity, soil, and carbon measurement tools. Evidence with teeth.

- Bioacoustic monitoring (Chirrup)
- Soil health tracking (Soilmentor)
- Carbon footprinting (Cool Farm)
- Satellite verification (Hummingbird)

Evidence Travels

Same evidence, different audiences. RPA today, Tesco tomorrow, lender next week.

- One-click scheme exports
- Buyer-ready reports
- Lender verification packs
- Audit-ready documentation

Beyond Government

Justfarm stops at RPA. Farmwalk goes wherever your evidence needs to go.

- Supermarket supplier programmes
- Carbon credit verification
- Green finance requirements
- Supply chain sustainability
